

WELCOME AT *the Traveller*

EVENT BROCHURE

The Traveller's culinary journey starts here, in the green heart of Cumulus Park in Amsterdam Zuidooost. The Traveller Zuidooost is housed in a unique and distinctive pavilion with an abundance of natural light, a colourful interior, a large outdoor seating area, and an Upper Deck floor designed to accommodate groups. Step inside The Traveller at any time of the day, as we are open from early lunch until late at night.

Take a seat and enjoy a mix of the tastiest international dishes, from lunch and shared dinners to a quick pick-me-up bar bite. We're easy! The extensive drinks menu is internationally inspired, featuring beers, wines from all continents, exciting cocktails, G&Ts, and much more.

Cumulus Park was developed in collaboration with the municipality of Amsterdam, located along the Bijlmerdreef in Amsterdam Zuidooost. In this green park, which connects all surrounding offices, The Traveller serves as the culinary heart and central meeting place, a first-class spot for employees at Cumulus Park, students, entrepreneurs, local residents, and shoppers alike.

The eye-catching building was designed by Powerhouse Company and developed by OVG Real Estate and G&S Realtors. Together with the architect, Studio BvanB created the interior design. With its striking glass facade with rounded corners, a distinctive wooden roof, and over 900 m² of surface area, the building can rightly be called iconic.

The Traveller concept is the brainchild of Michiel Deenik, chef and owner of restaurant Visaandeschelde. Together with Neal Valentijn, he launched the concept, inspired by their shared passion for travel and the exciting flavours of global cuisine.

The Traveller unites cuisines from around the world, that's why The Traveller is for everyone. It's also the ideal venue for birthday celebrations, anniversaries, private dinners, meetings, receptions, cocktail parties, walking dinners, and much more. Our Sales & Events team will gladly listen, share ideas, and explore all options with you.
